

The Guam Board of Registration  
for  
PROFESSIONAL ENGINEERS, ARCHITECTS & LAND SURVEYORS

*Inetnon Ribestrasyon Inheneron Prufisionat, Atketektu yan Agranensot Tano'*

PROFESSIONAL QUALIFICATION REQUIREMENTS  
(ARCHITECT)

➤ The following shall be considered as a minimum evidence satisfactory to the Board that the applicant is qualified for registration (*each sub-item requirement must be met*):

1.0 Graduation, Experience and Examination:

- 1.1 Graduation from a curriculum of not less than five (5) years from a school of architecture approved by the Board as being of satisfactory standing;
- 1.2 Three (3) years of progressive experience in architectural work, at least two (2) years of which shall have been under the supervision of a registered architect; and
- 1.3 Upon meeting the above requirements, the applicant shall be admitted to the architect registration examination of which he must pass.

2.0 Experience and Examination:

- 2.1 Eight (8) years of architectural training or education experience, at least three (3) years of which shall have been under the supervision of a registered architect; and
- 2.2 Upon meeting the above requirement, the applicant shall be admitted to the architect registration examination of which he must pass.

3.0 Registration by Comity or Endorsement:

A person whose qualifications meet the requirements of this Title may, upon application, be registered as an Architect identical to his active architect registration in other jurisdictions if:

- 3.1 Applicant holds a certificate of registration to engage in the practice of architecture on the basis of comparable qualifications issued by the proper authority of a state, territory or possession of the United States, or the District of Columbia or by any foreign country recognized by the National Council of Architectural Registration Boards (NCARB);
- 3.2 Applicant holds a valid certificate of registration to practice architecture granted to him based on the requirements that do not conflict with the provisions of P.L. 24-263 and which are of a standard not lower than specified in the applicable section of said law in effect in the Territory at the time certificate was issued;
- 3.3 Applicant holds a valid certificate of qualification (Council Record) issued by the National Council of Architectural Registration Boards (NCARB);
- 3.4 Applicant holds current registration from the state/jurisdiction where license was obtained through examination.
